

Introduction

Name: Zubair Hashmat

Academic Background

I'm currently in my final year at the **University of Agriculture, Faisalabad**, where I'm majoring in **Computer Science**. My academic journey has been both challenging and rewarding, providing me with a solid foundation in various aspects of technology.

Tech Interests

My primary interests lie in **Cloud Computing** and **DevOps**. These fields fascinate me because of their potential to transform businesses and improve efficiency across different sectors. I'm eager to delve deeper into these areas and contribute to innovative projects.

Hobbies

- **Reading:** I find great pleasure in reading books, especially those focused on personal growth and technology. They not only expand my knowledge but also inspire me to think differently and creatively.
- **Traveling:** I love exploring new cultures and seeing the world from different perspectives. Traveling broadens my horizons and enriches my understanding of global diversity.

Future Goals

- Gain hands-on cloud experience
- Improve AWS architecture skills
- Work on real-world projects
- Expand my professional network
- Enhance my DevOps and automation skills
